Archbishop LeGatt's 2024 Easter Message: In his 2024 Easter message, Archbishop Albert reflects on the relentless and never-ending hope born out of the cross and resurrection of Christ. Indeed, the temptation to despair may be all too strong upon learning about various tragedies befalling our world, both globally, and locally. Yet, in this Easter tide, Archbishop Albert implores us to reflect and deeply pray on what hope can mean for us today. How can we incarnate hope, concretely, for the world around us? What is joy brought to others, and what is peace for the hearts of all? We all have a part to play, together, comprising one body, invaluable members of the body of Christ.
